PROFILE

Web Developer specializing in front end development. Experienced with all stages of the development cycle for dynamic web projects. Well-versed with numerous experience and programming languages including Python, HTML, PHP, JavaScript, CSS, Node.Js, Reacts, MySQL. I've built different projects and UI landing page.

ACHIEVEMENTS

▸Cooperate with designers to create clean interfaces and simple, intuitive interactions and experiences.
 ▸Develop project concepts and maintain optimal workflow.
▸Work with senior developer to manage large, complex design projects for corporate clients.
▸Complete detailed programming and development tasks for front end public and internal websites as well as challenging back-end server code.
▸Carry out quality assurance tests to discover errors and optimize usability.
▸ Implemented Website and Landing pages from concept through development
▸ Standardized all outputs with a new, responsive, mobile-first approach and strategy

SKILL HIGHLIGHTS

Creative design, Innovative, Service-focused.
